The Trustees of the Trust Funds ask that we exhaust our budget before requesting interest funds.

Kevin discussed with Noah the grass clippings landing on the gravestones and markers. Noah said he would take care of it from this point on. Kevin did receive one complaint regarding a gravestone that the mowers had hit. It was determined that the headstone had slipped off the base. The trustees took pictures of the stone and slid the stone back to the center of the base. Noah asked if we could set the cornerstones a bit deeper so the grass does not grow over them, making it difficult to mow around them.

Noah will attend the October meeting to discuss next year's contract.
