**APPLICATION FOR A BUILDING PERMIT OR APPEAL**  
**Town of Washington, New Hampshire**  
**Revised July 27, 2012:**

APPLICANT:

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

Phone: \_\_\_\_\_ Cell: \_\_\_\_\_ Email: \_\_\_\_\_

Contractor's Name: \_\_\_\_\_

SEND COPY TO ( ) OWNER ( ) CONTRACTOR ( ) BOTH

Address of building site: \_\_\_\_\_

(If not known or has not been established, please call the Selectmen's Office)

Proposed construction is: NEW ( ) ADDITION ( ) STRUCTURE ALTERATION ( ) OUTBUILDING ( )

Detailed description of proposed construction and measurements: \_\_\_\_\_

\_\_\_\_\_

Is any of the property in "current use" as defined in RSA 40:16?     YES     NO

If "Yes" provide a map that shows the land that has been changed and no longer qualifies for current use. It may be helpful to speak with the Assessors prior to submitting the permit so that the new map provided could be reviewed or if you need assistance with the map. The Assessors are in on Thursdays and can be reached at 495-3074

By signing this application you are giving authority to all necessary Town of Washington official(s) to inspect the premises for the building permit process.

Construction must begin within one year of approval date and must be completed within two years of the approval date, this is when the building permit expires and no further construction will be allowed without a new permit. The Selectmen may grant a one-year extension, at the cost of half of the original permit, if requested by the property owner prior to the permit expiration. After approval, a building permit may be amended by a request to the Board of Selectmen. (Please be advised that if your original permit was granted by a Board of Adjustment approved variance the Selectmen may require any amendment request go through the Board of Adjustment). Property owners please be advised that as of October 1, 2011 any phase of construction started before all of the necessary permits have been approved by the Board of Selectmen **will** result in a \$100.00 fee to be added to your permit application fee. Property owners if your contractor is filing applications on your behalf; please be aware that you are responsible to ensure that all of your permit have been approved before construction starts. All new residences must file for an occupancy permit upon completion of construction, prior to moving in. Contractor/builder will be responsible for construction in accordance with New Hampshire State Building Code.

NOTE: If your application is denied by the Board of Selectmen it will automatically be referred to the Board of Adjustment. A hearing will be scheduled at which you may appeal the Selectmen's decision and request relief from the Land Use Ordinance. The Selectmen's secretary will assist you with this process.

As a Washington property owner you are of course entitled to the use of the Transfer Station. Please note, however, that out-of-town contractors are not, without authorization. If you plan to use a contractor who is not a resident, and if your project will create waste to be disposed of at the Transfer Station, please give him a letter authorizing this, which he can give to the attendant.

WARNING: It is possible that the restrictions in your deed may be more or less liberal than those in the Land Use Ordinance. The Town does not control these covenants. We advise you to check your deed or, if relevant, to inquire of

your lake or other association.

**INSTRUCTIONS FOR SKETCH**

Please DRAW A PLOT PLAN OF YOUR LAND in the on a separate sheet of paper, locate and label all existing buildings and impervious surfaces (a surface that is non-porous and water does not soak through quickly, include patios, decks, walkways, driveways, etc.), indicate the square footage of each. Locate the building or structure you plan to construct. Indicate all setback distances from the right-of-way/road, lot sidelines, lot rear line, and lakefront or riverfront. All distances must be shown at the **losest points**. Failure to include **all** setbacks required above will result in rejection of this application and will delay your permit. Please indicate the areas of land disturbance and tree clearing due to proposed construction. Note: Excessive clearing, slope, proximity to water and other factors may create the need for a stormwater management plan.

**SKETCHES DO NOT NEED TO BE TO SCALE, BUT ALL DIMENSIONS MUST BE SHOWN**

**Totals:**

Basement \_\_\_\_\_ sq ft

1st Floor \_\_\_\_\_ sq ft

2nd Floor \_\_\_\_\_ sq ft

3rd Floor \_\_\_\_\_ sq ft

Garage \_\_\_\_\_ sq ft

Deck \_\_\_\_\_ sq ft

Other Impervious surfaces:

Patios/walkways/driveway, etc. \_\_\_\_\_ sq ft

Total sq ft of your property \_\_\_\_\_ or # of acres \_\_\_\_\_

Total \_\_\_\_\_ sq ft of structures (pre-existing and proposed)

Note: This must be 10% or less of the lot size or a variance will be needed

Total: \_\_\_\_\_ sq ft of all impervious surfaces (including structures)

Note: This total must be less than 20% of the lot size or a variance will be needed
